

MSH

December 17, 1917.

Booth Fisheries Company,
22 West Monroe Street,
Chicago, Illinois.

Gentlemen:

Reports of fisheries operations in Alaska for the season of 1917 were to-day received through you for the following companies: Anacortes Fisheries Company at Kasan and Shakan, and Northwestern Fisheries Company at Dundas Bay, Quadra, Uyak, Hunters Bay, Santa Ana Inlet, Chignik, Nushagak, Kenai, Seldovia, Roe Point, and Orca. The prompt preparation of these reports is very much appreciated.

It is noted on the report of the Northwestern Fisheries Company at Dundas Bay that certain fish listed "under trap at Tenakee purchased from outside company." Please state from whom these fish were purchased.

On the report of the Roe Point cannery, owned by the same company, the value of the product is not given. The value of the pack of each species should be stated.

Kindly give us this additional information at your early convenience.

Very truly yours,

H. M. Smith.

Commissioner.
